organization, specify organization): American Alternative Insurance Corporation (AAIC) revises our independent Illinois Standard Crop Hail Rates as follows:

Decrease the Corn &/or Soybean rates in several counties: ADAMS, BOONE, BUREAU, CARROLL, CHAMPAIGN, CHRISTIAN, DEKALB, DEWITT, DOUGLAS, FORD, GRUNDY, HENDERSON, IROQUOIS, KANKAKEE, KENDALL, LASALLE, LEE, LIVINGSTON, LOGAN, MCLEAN, MACON, MOULTRIE, VERMILION, WHITESIDE, & WOODFORD. Wheat rates have been changed to match the Corn rates in counties where the Corn rate has changed.

Changing Rates to be per \$100 not per \$1000. Updated liability limits on certain crops.

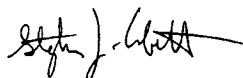

Changing rates and rating classifications table for Replant Option Endorsement (ADM CRS RO) which endorses the Crop Hail policy.

In addition, an ADM Customer Discount Guideline is introduced this year that lists the criteria for certain discounts to be taken off of the Crop Hail rates. There are several reasons for offering a discount for ADM customers: First, when ADM customers write business with AAIC through the managing general agent ADM Crop Risk Services, a 100% ADM owned company, we are guaranteed payment of their premium. Second, offering the ADM rates through ADM Crop Risk Services gives AAIC a better spread of business. Third, this makes AAIC's book of business more actuarially sound. There are no restrictions for farmers to become a ADM customer. Registration is without any obligation for the farmer. This discount approach (a percentage of Crop Hail rates) reflects the methodology applied through our existing ADM Preferred Rates. The sales process for the agent will become easier and leaner, since they will only have to deal with one rate table. For that reason we hereby withdraw from use the ADM Preferred Rates.

- * Adjusted to reflect all prior rate changes.
- ** Change in Company's premium level which will result from application of new rates.
